

Interventional Radiology: Minimally Invasive, Maximum Impact

Our interventional radiologists use advanced imaging to treat complex conditions with minimal incisions, significantly easing patient pain and trauma. These cutting-edge techniques facilitate quicker recoveries than traditional surgery, allowing patients to resume daily activities with little disruption. Our focus on minimally invasive care underscores our commitment to improving patient outcomes and quality of life.

16 Interventional Radiology Clinicians

AP Platform for Care Coordination

Multi-Disciplinary Collaboration

Conditions We Treat

- Abscess Drainage Catheters
- Acute Hemorrhage
- Aneurysms
- Biliary Drains
- Cancer
- Central Venous Catheter
- Chest Tubes
- Deep Vein Thrombosis (DVT)
- Feeding Tubes
- Image-Guided Biopsy
- Liver Cirrhosis
- Lymphatic Disorders
- Male Varicoceles & Infertility
- Pelvic Congestion Syndrome (PCS)
- Pulmonary Embolism (PE)
- Prostate Enlargement
- Uterine Fibroids
- Varicose and Spider Veins
- Vascular Malformations

Focused Specialty Clinics

- Providing minimally invasive treatments for liver, lung, kidney, and bone cancers in our **Oncology Clinic**
- We're proud to offer the region's first dedicated **DVT Clinic**, providing our patients with comprehensive treatments for deep vein thrombosis in a specialized space.
- Perform **image-guided biopsies** for precise diagnosis of cancer, liver, and kidney diseases, enabling effective treatment strategies.
- Specializing in PE management and intervention, our team uses cutting-edge techniques to address **pulmonary embolism**.
- Offer **UFE and PAE** - Artery Embolization to effectively alleviate symptoms and treat fibroids and enlarged prostate.
- Our **Varicose Vein Clinic** provides specialized care for varicose veins, offering both diagnosis and a range of effective treatment options.

Care Coordination

ARA Cares and we're here to help. If you need assistance with referring a patient, please contact our coordinator at 828.436.5500.

Our Other Specialty Services

At ARA Health Specialists we are committed to providing exceptional patient care through our specialized services and clinics. We offer comprehensive services across various disciplines, including Imaging, Interventional Radiology, Neurointerventional and Vascular Surgery.

Diagnostic Imaging

Our diagnostic imaging services provide crucial insights for accurate diagnosis and treatment.

- Computed Tomography (CT)
- Breast Imaging/Mammography
- Early Intervention Breast Clinic
- ED/Trauma
- Fluoroscopy
- Nuclear Medicine/PET
- Magnetic Resonance Imaging (MRI)
- Musculoskeletal (MSK)
- Pediatrics
- Ultrasound
- X-Ray

Neurointerventional

Dedicated to the treatment of neurological conditions, our clinic provides cutting-edge care for:

- Acute Stroke
- Brain Aneurysms
- Chronic Subdural Hematomas
- Spine Fractures
- Spinal Tumors

Vascular Surgery

Our Vascular Surgery Clinic specializes in the diagnosis and treatment of vascular diseases, offering medical management and advanced surgical options for:

- Aneurysms
- Carotid Artery Disease
- Femoral Artery Blockage
- Aortoiliac Occlusive Disease
- Peripheral Artery Disease

For referrals, please contact
