

**CAROLINA
VASCULAR**

A DIVISION OF ARA HEALTH

Vascular Surgery: Expert Precision, Enhanced Recovery

The vascular surgeons at Carolina Vascular, a division of ARA Health, employ the latest in both open and endovascular methods for the diagnosis and treatment of vein and artery conditions. They adopt a modern approach to vascular care, tailoring personalized treatment plans for each patient. With a focus on reducing risk, minimizing pain, and facilitating faster recoveries, our team leverages advanced techniques to effectively manage more complex vascular issues.

**5 expert board
certified physicians**

Available 24/7/365

**Most advanced
techniques**

- Abdominal Aortic Aneurysm
 - Peripheral Aneurysm
 - Thoracic Aortic Aneurysm
 - Visceral Artery Aneurysm
 - Carotid Artery Disease
 - Femoral Artery Blockage
 - Aortoiliac Occlusive Disease
 - Endoleaks
 - Aortic Dissection
 - Dialysis Access
 - Peripheral Arterial Disease:
 - » Claudication
 - » Chronic Limb-Threatening Ischemia
 - » Diabetic Foot Ulceration
 - » Non-Healing Wounds
 - » Gangrene
- We provide screening for **Abdominal Aortic Aneurysm (AAA)** using ultrasound technology to identify risks early and prevent potential complications.
- We offer non-invasive **Carotid Ultrasound** screening to detect narrowing or blockages in the arteries, crucial for preventing strokes.

Care Coordination

ARA Cares and we're here to help. If you need assistance with referring a patient, please contact our coordinator at 828.436.5500.

Our Other Specialty Services

At ARA Health Specialists we are committed to providing exceptional patient care through our specialized services and clinics. We offer comprehensive services across various disciplines, including Imaging, Interventional Radiology, Neurointerventional and Vascular Surgery.

Diagnostic Imaging

Our diagnostic imaging services provide crucial insights for accurate diagnosis and treatment.

- Computed Tomography (CT)
- Breast Imaging/Mammography
- Early Intervention Breast Clinic
- ED/Trauma
- Fluoroscopy
- Nuclear Medicine/PET
